Nike Missile Base C-84,
Pump House
North of Launch Area Entrance Drive
and Southwest of Missile Assembly Area
Vicinity of Barrington
Lake County
Illinois

HAER No. IL-116-H

Significance: This building was built in 1956 from standardized drawings approved by the Corps of Engineers, most of which were designed by the firm of Leon Chatelian, Jr., of Washington, D.C. Nike buildings were considered modified emergency buildings. Originally, they were to be pre-fabricated structures, but were rather unsightly and did not contribute to troop morale and, therefore, were changed to modified emergency design.

Description: This masonry structure has concrete footings, foundation and floor, cinder block walls, a built-up roof, and electrical service.

Historian: Christina Carlson, Bregman & Company, Inc., Bethesda, Maryland, June 1994
